

Congress of the United States  
House of Representatives  
Washington, DC 20515-3222

March 9, 2026

Dear Colleagues,

We write to invite you to join the Congressional Family Business Caucus for the 119<sup>th</sup> Congress. Across the United States there are over 32 million family businesses, which generate over 83 million American jobs and \$7.7 trillion in gross domestic product. Yet despite their impact, family businesses are too often overlooked and misunderstood in Washington.

The Congressional Family Business Caucus was created to fix this underrepresentation. First established in the 117<sup>th</sup> Congress, the Congressional Family Business Caucus serves as an informal, bipartisan group of Members dedicated to educating our colleagues in Congress about the contributions of family businesses to the national economy and individually to their local communities. This includes a wide array of businesses, small and large, from diverse industries based all over the nation.

The Caucus also connects Members of Congress with family businesses in their district or home state and facilitates meaningful discussions between business leaders and policy makers. In doing so, the Caucus builds awareness within Congress about the issues impacting family businesses, including economic issues, tax policy, workforce challenges, and community development. This ultimately helps support the creation of a regulatory landscape that is less burdensome and promotes entrepreneurship and free enterprise.

Representatives Claudia Tenney (NY-24) and J. Luis Correa (CA-46) will serve as co-chairs of the Congressional Family Business Caucus. If you'd like to join the caucus, please reach out to the staff contacts listed below:

Thank you for considering this important opportunity to help our family-owned businesses continue to thrive. Please feel free to contact us should you have any questions or require additional information.

Sincerely,

Claudia Tenney  
Member of Congress

J. Luis Correa  
Member of Congress
